

Super Saturday July 4th 2020.

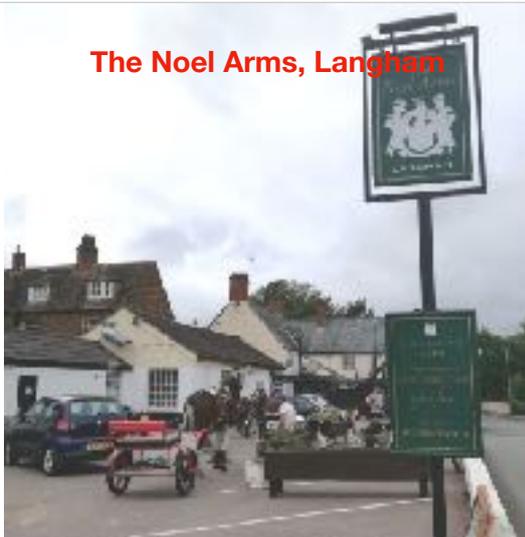

Yay, the pubs are allowed to open!

Many of our town and Village pubs did great work during lockdown by providing takeaway meals and drinks. There were pop-up coffee shops and bars, takeaways, community shops and the Flagon Wagon that was featured on the BBC local news. Our hard working landlords also took the opportunity to do additional work and many of them wielded paint brushes, drills and spades during the time.

We have a great range of pubs in Rutland and we are so pleased that they are able to open up again. A few members took time out on Saturday 4th to visit the pubs that had opened on that day, in Oakham, Uppingham and the surrounding villages. Others that are opening later will get a visit too! It was impressive the lengths they had all gone to not only to ensure adherence to the Covid 19 guidelines and to keep customers safe but to make their pubs be so very pleasant.

We saw much evidence of newly installed screens, signage and hand sanitisers. Some operate a table booking system, others cope with walk-in customers by limiting numbers or having specific areas. They all looked - and are - so wonderfully welcoming! We are so proud of our pubs. More pictures to follow as they open up and are visited.

The Noel Arms, Langham

The Wheatsheaf, Greetham
